

# How To Connect To Your Wireless Network

## Microsoft Vista

1. Click on the **wireless icon** located in the bottom right hand corner of your desktop screen

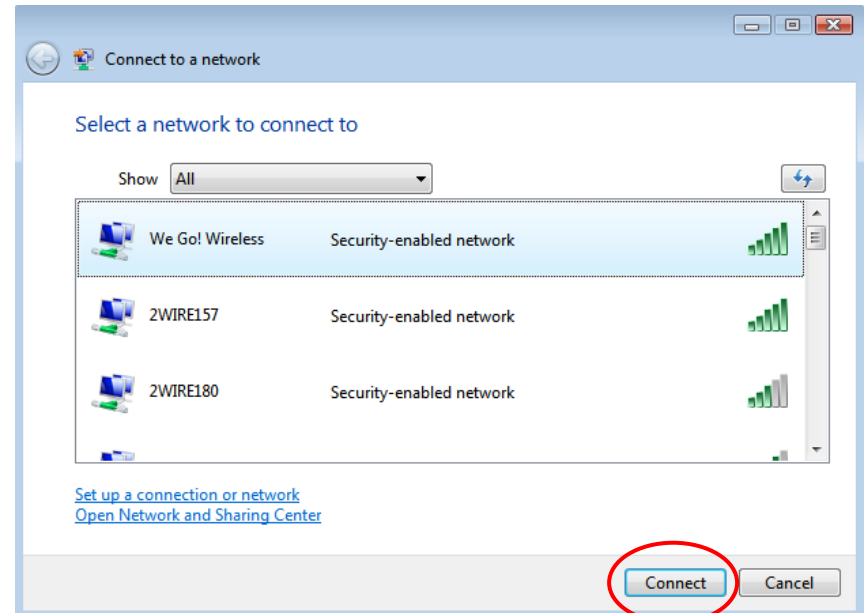

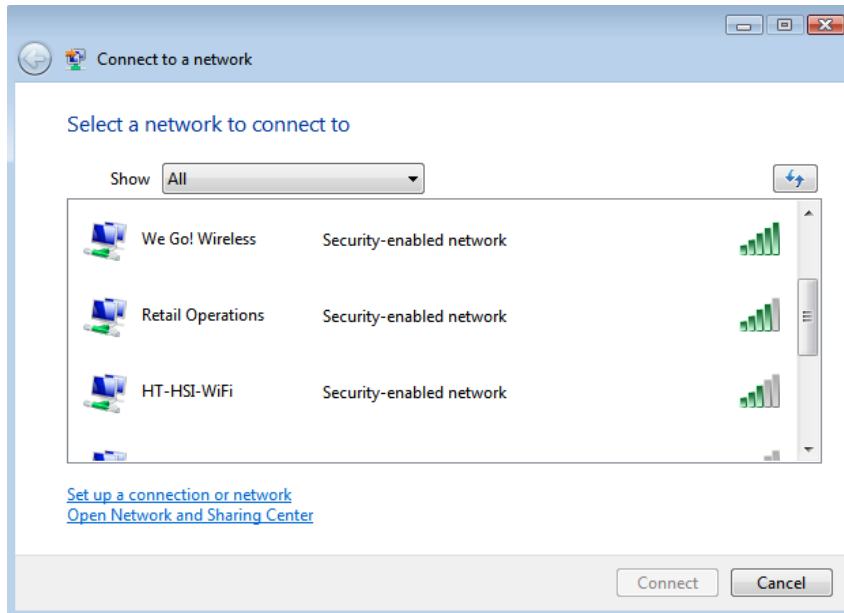

2. Click **“Connect to a network”**

3. Locate and select your wireless network from the network list by clicking on the name of the network.

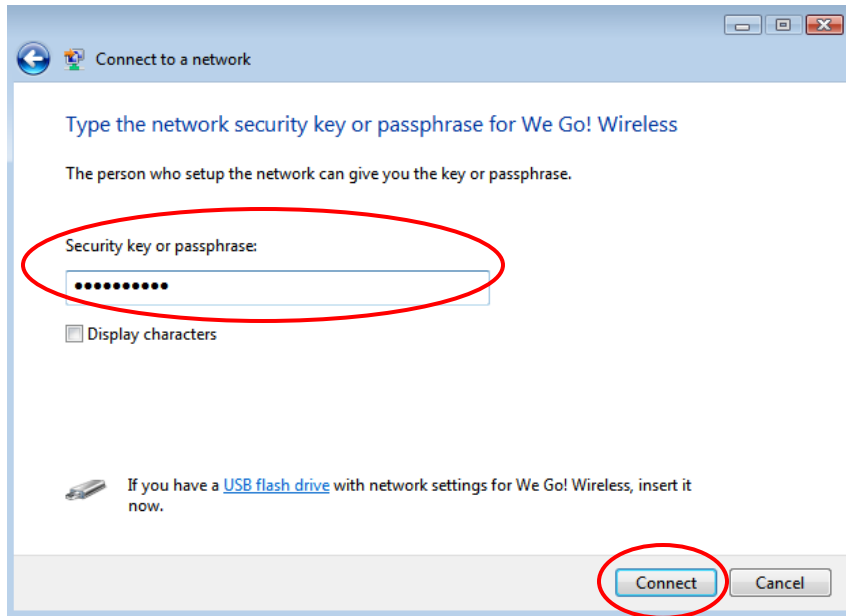

4. Click **“Connect”**

5. Enter your network **password**

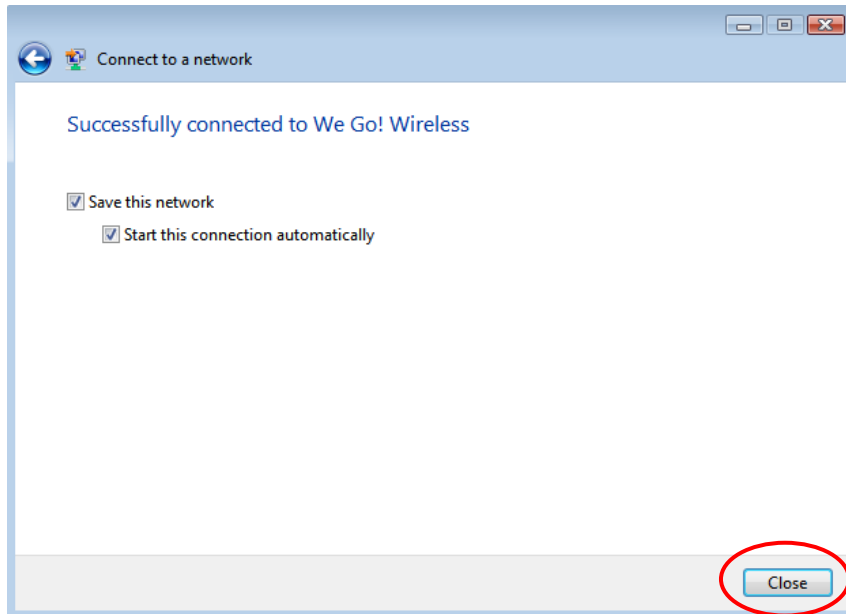

6. Click **“Connect”**

7. Wait for your computer to connect to your wireless network

8. You've successfully connected to your wireless network.

9. Click **“Close”**

10. Choose the type of network you are connected to (this step is optional)

11. To skip this step, click **“Cancel”**
