Michael Miranda Rejoins Hawaiian Telcom as Information Security Director

HONOLULU – Hawaiian Telcom welcomes **Michael Miranda** back to the company as Director of Information Security.

“Cyber security has never been more important and as threats continue to rise, we’re delighted to welcome Mike back to lead our Information Security team,” said Scott Barber, Hawaiian Telcom’s Chief Operating Officer. “With his dynamic combination of vision, leadership and technical expertise, Mike will drive our information security program to new heights.”

As Director of Information Security, Miranda manages Hawaiian Telcom’s Corporate Information Security team that is responsible for the company’s network, systems and data. He also defines and implements Information Security standards and policies, assures compliance in the privacy and protection of the company’s assets, and consults with Hawaiian Telcom’s business customers on cybersecurity matters.

Miranda previously served as a senior product manager for Hawaiian Telcom’s Managed Services product line from 2011 to 2013. Prior to rejoining Hawaiian Telcom, he was a program manager and intellectual property advisor for cybersecurity provider Referentia Systems. He also held positions as a programmer and software developer specializing in cybersecurity threat

and intrusion analysis at 21st Century Systems Inc., Verizon Federal Network Systems and Northrup Grumman.

Born in the Philippines and raised in Mililani, Miranda earned a Bachelor of Arts degree in English from the University of Central Florida, and a Juris Doctor from Gonzaga University of Law in Spokane, Washington. A licensed patent attorney, he began his professional career in private practice and as a legislative attorney for the Hawai'i State Senate from 1997 to 2003. As his interest in cyber and information security grew, he returned to school, earning a Bachelor of Arts degree in Information and Computer Science from the University of Hawai'i at Mānoa. He holds current Global Information Assurance Certification (GIAC) as a Systems and Network Auditor (GSNA). He is also a Certified Intrusion Analyst (GCIA) and Certified Forensic Analyst (GCFA).

Miranda is a Digital Forensics instructor at the University of Hawai'i West O'ahu. He also serves on the Supervisory Committee for Hawai'i State Federal Credit Union.

###
