RE: HT SS7 POINT CODE CONVERSION NOTIFICATION

The purpose of this notification is to inform Hawaiian Telcom Wholesale Markets customers that the 240-200-XXX point codes in HT's SS7 network will be changing to the newly-assigned point codes of 002-102-XXX. This work will involve changing the point code of every HT central office switch and STP. HT will proceed with the point code change on or about August 15, 2006. A complete schedule and additional details of the conversion process will be provided no later than 30 days prior to the first office being converted. If your company will be affected by this project, please identify a point of contact for coordination purposes. Please send this individual's contact information (name, title, company, email, phone, fax) to Jesus Mina at jesus.mina@hawaiiantel.com by May 22, 2006.
