How to Transfer a Call

Consultative Transfer (With Announcement)

1. While on an active call, press the  soft key (the caller will be placed on hold).
2. When you hear dial tone, dial the contact number of the party you wish to transfer the call to (you can also select a contact from the directory).
3. When the party answers, announce the call and press the  soft key.

Note: When the call is transferred, Caller ID will show the party who transferred the call rather than the original Caller ID.

Blind Transfer (Without Announcement)

1. On an active call press the  soft key (the caller will be placed on hold).
2. When you hear dial tone, dial the contact number you want to transfer the call to (you can also select a contact from the directory).
3. Next, press the  soft key.

Note: The inbound Caller ID will appear on the phone where the call was transferred to.

How to Transfer a call directly to Voicemail

1. On an active call, press the  soft key.
2. When you hear dial tone dial *55 and wait for the announcement to play.
3. The announcement will say "To transfer your call to your mailbox, press the # key or hang up. To transfer your call to another mailbox, enter the mailbox ID now followed by the # key. To cancel, press the * key".
4. Enter the mailbox ID that you wish to transfer the call to followed by the # key.
5. The transfer is complete.

How to Set Up a 3-Way Conference

Creating a Conference

1. On an active call, press the  soft key (the caller will be placed on hold).
2. When you hear the dial tone, dial the number of the party you wish to have a conference with (you can also select a contact from the directory).
3. After the party answers, press the  soft key and the conference call will be connected.

Far Hold

To speak with only with one party while on an active conference:

1. Press the  soft key.
2. Using the **up/down** arrows, choose one of the callers to be placed on hold.
3. Once the caller is highlighted, press  soft key.
4. To resume the conference, select the caller that is currently on hold and press the  soft key.

How to Access Voicemail

1. To access your voicemail box, press the envelope .
 2. Enter your voicemail passcode (default is ____).
- If you're accessing your Voicemail for the first time or have multiple lines, please refer to the "How to Set up and Manage Your Voicemail" guide.
