

PUBLIC NOTICE OF COPPER RETIREMENT UNDER RULE 51.333

**Locations Served by Kula, Lahaina and Makawao Central Offices
Impacted by the Maui Wildfires**

January 23, 2024

Carrier: Hawaiian Telcom, Inc., 1177 Bishop Street, Honolulu, HI 96813

Contact: For additional information on these planned network changes, please contact:

Francis Alueta
Director – Technology, Engineering and Operations
Hawaiian Telcom, Inc.
1177 Bishop St., Suite 9
Honolulu, HI 96813
808-546-8685

Implementation Date: On or after August 9, 2023

Planned Network Changes will occur at selected locations in the following wire centers in Hawaii:

Hawaiian Telcom Wire Center	Address	CLLI
Kula Central Office	6530 Kula Highway, Kula, HI 96790	KULAHICO
Lahaina Central Office	147 Dickinson St., Lahaina, HI 96761	LHNAHICO
Makawao Central Office	24 Olinda Road, Makawao, HI 96768	MKWOHICO

Exhibit A to this copper retirement provides information about the specific range of addresses and streets in the wire center serving areas at which copper network facilities will be retired. Exhibit A may also be viewed on Hawaiian Telcom’s website at

<https://www.hawaiiantel.com/wholesale/Wholesale/Resources/Documentation>.

Description of the Planned Network Change(s):

Hawaiian Telcom Inc. (“HTI” or “Company”) is providing notice that it is retiring metallic copper feeder facilities to specific distribution areas (“DA”) on the island of Maui due to wildfires (“Maui Wildfires”) that destroyed telephone facilities in portions of the Kula, Lahaina, and Makawao Central Offices located at the addresses indicated,

As a result of the Maui Wildfires, HTI invoked its disaster recovery plan on August 9, 2023. After field assessment, HTI determined that copper facilities in the Kula, Lahaina and Makawao wire center serving areas were significantly or irreparably damaged. Therefore, HTI decided to replace all damaged copper facilities with new fiber-based technology. HTI is able to restore

service temporarily (as needed) on some facilities that survived the fire, and at the same time is working as quickly as possible to build the new fiber-based technology as a permanent replacement.

Description of reasonably foreseeable impact(s) of the planned change(s):

After implementation of this plan, copper facilities will no longer be available in the DA. All existing circuits will be transferred to the fiber platform once completed.

A copy of this notice can also be found online at www.hawaiiantel.com/networkdisclosures.
