CUSTOMER acknowledges and certifies

CUSTOMER directly contributes, or has a reasonable expectation that another entity in the downstream chain of resellers directly contributes to the USF established by the FCC pursuant to Section 254 of the Communications Act (47 U.S.C. § 254) and FCC rules and regulations issued to implement Section 254 and does not claim a *de minimus* exemption from contributing directly to the universal service support mechanisms.

CUSTOMER understand that its obligation to contribute to the universal service support mechanisms is a legal obligation arising under Section 254 of the Communications Act (47 U.S.C. § 254) and FCC rules and orders issued to implement Section 254. The extent of CUSTOMER's obligation to contribute to the universal service support mechanisms is independent of, and is not affected by, CUSTOMER's obligation to pay the Federal Universal Service Fund Charge to HTI, or any waiver of that charge by HTI. HTI's waiver determination will be based on the information provided by CUSTOMER in this Certification. In the event that CUSTOMER fails to provide accurate or timely information to HTI, CUSTOMER may be liable both to HTI for HTI's Federal Universal Service Fund Charge and to the USAC for its contribution to the universal service support mechanism. CUSTOMER agrees to indemnify and hold harmless HTI from any and all claims from or related to CUSTOMER's obligation to contribute to the USF in accordance with federal law.

If at any time, CUSTOMER's information, representations or certifications made herein are no longer accurate, CUSTOMER will notify HTI by submitting a new Certification to HTI within thirty (30) calendar days of any change to the information contained in this Certification. CUSTOMER is liable for any applicable FUSF charge resulting from its failure to provide timely updates to the information contained in this Certification.
